WHY A *Buyers' Guide?*

★ **It is customary to include a Buyers' Guide in the City Directory because:**

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

☆

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED.

INTRODUCTION

R. L. POLK & CO., publishers of the Chico and Oroville City Directories, as well as more than 700 other city, county, state and national directories, present to subscribers and the general public, this the 1952 edition of the Chico and Oroville Directory, which also includes a Directory of the rural free delivery box holders on routes which are pivotal from the Chico and Oroville Post Offices. A new feature of this edition is the telephone number following the name in Householders section.

Confidence in the continued growth of Chico and vicinity's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Chico, Oroville and vicinity to the world.

The enviable place occupied by Polk's Directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in Directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Chico and Oroville Directory will fulfill its mission as a source of authentic information pertaining to the community.

Population

The estimated population of Chico is 23,000, based on the number of individuals' names in the alphabetical section of this Directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the City, as far as business and social life are concerned, is included in the Directory.

Six Major Departments

The several essential departments are arranged in the following order:

THE BUYERS' GUIDE for Chico, pages 15 to 60, and for Oroville opposite page 430, printed on goldenrod paper, contains advertisements of leading manufacturing, business and professional interests of these Cities and vicinity. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers anxious to familiarize themselves with sources of supply. The community's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community, like the Chico and Oroville district, the necessity of having this kind of information immediately available is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the Directory enjoys in the many fields which it serves.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 63 to 306 on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Chico,

FUNERAL CHAPEL

and the name, official personnel, nature and address of each firm and corporation in the City. A similar list for Oroville will be found on pages 311 to 430.

THE CHICO DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 439 to 505, on pink paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order. The numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes. Telephone numbers as supplied to us on our canvass are shown after the name. A similar section for Oroville will be found on pages 507 to 538.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 539 to 595, on canary paper. This department lists the various manufacturing, mercantile and professional interests of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. The Directory is the common intermediary between Buyer and Seller. As such it plays no small part in the daily doings of the business world. More goods are bought and sold through the Classified Business Directory than through any other medium.

THE RURAL ROUTE DIRECTORY, pages 599 to 649, on white paper, includes the box holders on the rural routes served by the Chico and Oroville Post Offices.

THE NUMERICAL TELEPHONE DIRECTORY for Chico and Oroville appears opposite page 650, on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Chico, Oroville and vicinity, for business men, everywhere, realize that the City Directory represents a community as it really is.

The Chico Directory Library

Through the courtesy of the publishers of the Chico and Oroville Directory, a Directory Library is maintained in the offices of the Chico Chamber of Commerce for free reference by the general public. This is one of the more than 600 Directory Libraries installed in the Chief Cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

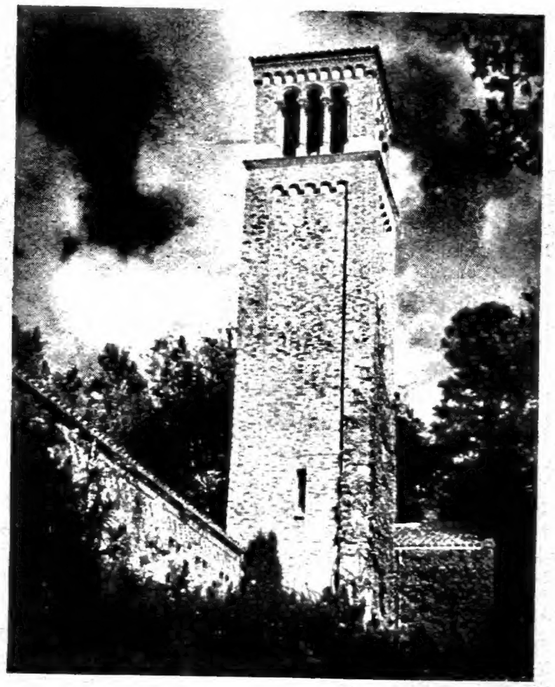
Chico is located in Sacramento Valley, 100 miles north of Sacramento; 176 miles north of San Francisco on scenic U. S. Highway 99E. Entrance to Lassen National Park, via Deer Creek Highway. Founded in 1849 by General John Bidwell, California pioneer, congressman and

HUBBELL-NEUNER FUNERAL CHAPEL

candidate for president in 1892 when he purchased the entire Rancho Chico.

Growth has been rapid, exceeding the average increase of the State in the last decade. Chico is center of rich agricultural district. Annual yield for all crops for 1950 exceeded $55,000,000.00. According to Sales Management 1951 Survey Chico's purchasing power is 67% above that of an average community. The figures show that the average Chico family have an average net income of $5,183.00. This income, which totaled better than $21,000,000.00 in Chico was translated in purchases $30,975,000.00 in the local retail stores. The excess of sales over income shows that Chico is the trading center for a large surrounding area.

Chico is rapidly becoming industrialized due to the excellent industrial sites available and easy access to 2 railroads, freight lines.



Chico State College had an enrollment of more than 1300 students for the Sept., 1951 School term.

With an average mean winter temperature of 45 to 50 degrees and an average mean summer temperature of 70 to 75 degrees, Chico has one of the finest climates in California. The cool nights in summer and the relatively low humidity makes sleeping in the open air a joy the year round. During the warmer weather of July and August, a few minutes' ride into the mountains will bring you to cool camp sites among the pines and excellent trout fishing. Forty-five minutes' driving will take you to the summit and the snow line.

Water supply from deep wells; given highest rating by California State Board of Health.

Business district all paved; paved area in residence districts.

Rainfall averages 24 inches annually.

Altitude 210 feet; low humidity.

Six good hotels.

Two banks with combined deposits of over 25 million dollars.

Five excellent public camp grounds for tourists.

Retail and wholesale trade center for California territory north of Sacramento. Thirty-four cities and communities within a 50 mile radius of Chico.

SIR JOSEPH HOOKER OAK. Circumference eight feet above the ground, 28 feet 3 inches; height of tree, 96 feet; spread of north and south branches, 153 feet; diameter of trunk, 10 feet; approximate age, 1,000 years.

Location of Pacific Coast Headquarters Diamond Match Co., large match factory and other wood working factories operating 68 retail yards in California; three large fruit packing plants; Sacramento Northern Shops; several mills and wholesale distributors.

Big almond, apple, apricot, orange, walnut, and rice growing center. Value of these crops over $14,000,000. There are 40,626 acres in Butte County planted to rice, producing over $7,000,000 yearly.

Southern gateway city to Lassen Volcanic National Park and Northern California mountain resorts, via Deer Creek Highway.

Federal Post Office building erected at cost of $100,000 in 1915. Post Office has rank of first-class office.

Modern, paid fire department, completely motorized.

Eleven grammar school buildings; excellent school system.

$800,000 high school with largest campus in California, 55 acres, developing Junior College of Agriculture.

California State College drawing students from all parts of Northern California. Training School in connection with College.

...About Your Car Owner Lists

Whatever information an auto owner puts on his license application appears on the new Polk official car owner registration list, now available to you. Every name on a Polk car owner list is "cleaned" ahead of time. Only names of persons to whom mail can be delivered are compiled for you. Polk Car Owner Lists are not "loaded" with extra names that would waste your time and money in sending out mail, or in making personal calls.

Success or failure of any direct mail advertising program depends on your keeping that list up to date.

Serving the Automotive Industry and Its Dealers Since 1923

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS' GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED** ★

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

WATER RESOURCES

The greatest undeveloped source of water remaining in the Central Valleys is the Feather River. The 1951 California State Legislature has authorized construction of the Oroville Dam at an estimated cost of $450,000,000 as the key unit of the California Water Plan. However, the U. S. Bureau of Reclamation is continuing its study of all phases of the project and will submit a report. This multiple-purpose dam at the Oroville site will: Provide a full irrigation water supply for ultimate development of all the irrigable agricultural lands of Butte County and the Feather River service area; Provide large quantities of water in excess of the ultimate requirements of the Sacramento Valley for export to many other water deficient areas; Provide flood control; Provide a large hydro-electric power plant for the generation of low cost power for pumping plants for municipal and industrial use; Provide recreational facilities on the Feather River below the dam for the protection and propagation of fish life; a large lake near Oroville for fishing, sailing, motor boating and swimming.

The Oroville Dam will be the largest concrete gravity dam in the world. It will rise 711 feet above stream bed; impound 3,500,000 acre-feet of water; have an installed capacity of 440,000 kilowatts, generate 1,750,000,000 kilowatt hours annually; have a flooded area of 15,450 acres, necessitating the relocation of 27 miles of W. P. Railroad and 20.5 miles of the Feather River Highway. The site is 5.5 miles up the Feather River from Oroville.

Another major water development is the program being worked on by the Oroville-Wyandotte Irrigation District calling for the construction of reservoirs and power facilities along the South Fork of the Feather River, at an estimated cost of $26,000,000.

Feather River Calif. Dam site is ¼ mile above bridge.

It is anticipated that revenue bonds will be used to finance the program. The project will provide supplemental water for the District located in the productive foothill area south and east of Oroville. Preliminary investigations show that the program is feasible and that anticipated revenues from water and power would more than pay the operation, maintenance and the principal sum of the revenue bonds, together, with interest.

FACTS

about *CITY DIRECTORY* circulation

THE TRUE VALUE of advertising is circulation consulted — "User Circulation."

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there is an average of three and one-half daily consultations for each book for three hundred and five days, therefore —

1000x3½x305=1,067,500

Consultations or "User Circulation"

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1952

Copyright 1952, by R. L. Polk & Co.

In the following list the streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ® following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers as supplied to us on our canvass are shown opposite the name. We are not responsible for the accuracy of the numbers.

This section includes some listings reading "No return." In each case the publishers tried diligently, by various means, to obtain the information for the occupant but were unsuccessful. First, several personal calls were made by an enumerator; next, a double post card was mailed and the telephone used when possible.

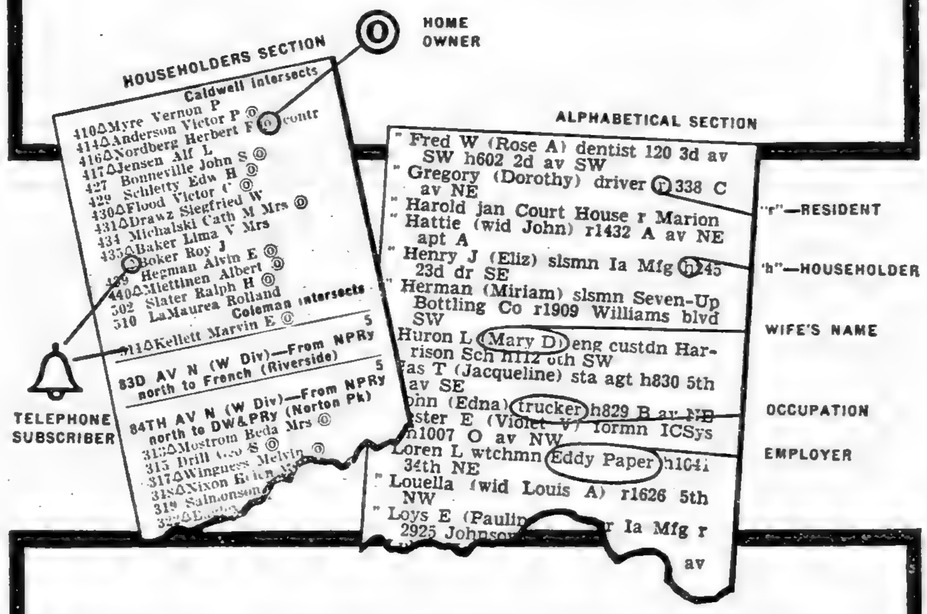
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1952

Copyright 1952, by R. L. Polk & Co.

In the following list the streets are arranged in numerical order, followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or house owner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective places of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers as supplied to us on our canvass are shown opposite the name. We are not responsible for the accuracy of the numbers.

This section includes some listings reading "No return." In each case the publishers tried diligently, by various means, to obtain the information for the occupant but were unsuccessful. First, several personal calls were made by an enumerator; next, a double post card was mailed and the telephone used when possible.

A STATEMENT
OF ADVERTISING PRINCIPLES

1. **Good Advertising**—aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising**—tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising**—conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising**—recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

OUT-OF-TOWN CITY DIRECTORIES

A complete library of out-of-town City Directories is maintained especially for the reference use of our subscribers. We invite you to consult this library of up-to-date Directories when in need of names, addresses, and other information about firms and individuals in other cities. This is a part of our service to local City Directory users.

Common Sense About City Directory Circulation

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each City Directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half consultations for each book for THREE HUNDRED and FIVE days, therefore 1000 x 3½ x 305 = 1,067,500

CONSULTATIONS OR CIRCULATION CONSULTED

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

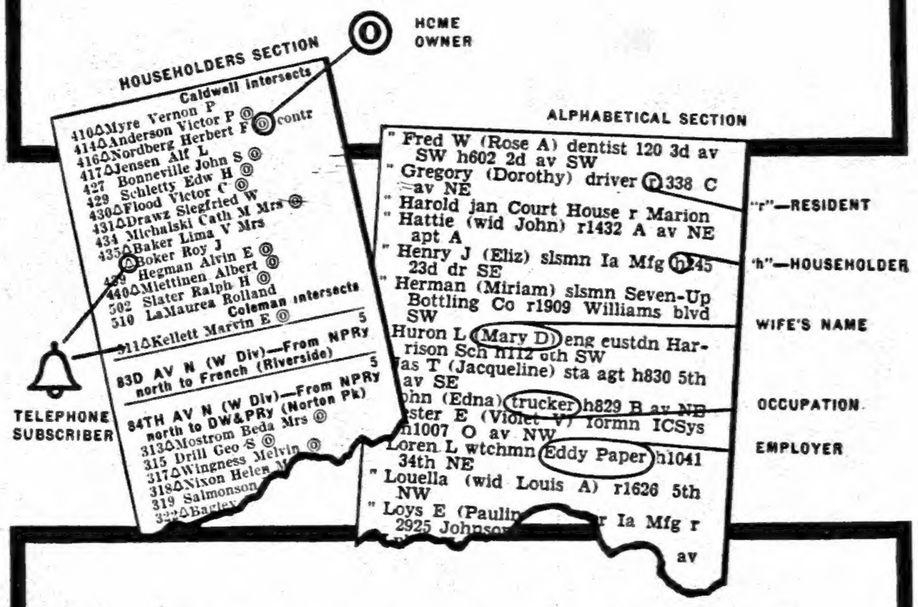
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.
